HANDS-OFF FOR YOU

YOU SET THE CALENDAR.
WE DO THE HEAVY LIFTING.

Creators who don't show up. Recaps that never get posted. We take care of all of it: we screen the creators, manage them and put your experience in our app, in front of about 300 Las Vegas locals every month. Your marketing keeps working while we do the heavy lifting.

You control the calendar

Pick the days, times and how many creators you want. That's it.

We handle the scheduling

Creators book inside your rules. Reminders, check-ins and reschedules run automatically.

We screen every creator

We only send creators with a proven track record of showing up and posting.

THE SOLUTION

A FREE EXPERIENCE FOR CREATORS. A CONTENT MACHINE FOR YOU.

You list an experience in the Saucey's Creator Club app: a meal, a class, a game, an attraction. Qualified creators book it themselves, show up, and complete a Creator Mission at your business.

WHO GETS IN

ONLY CREATORS WHO ALREADY DELIVER.

- Attended at least one Creator Club event
- No record of no-shows
- Posted a recap within 5 days of attending
- One experience at a time: the next one unlocks only after the recap is posted
- Creating is currency: the more they create, the more they unlock

Built-in accountability

- Check-in on site through the app, on time
- Late check-in needs photo proof, and you have the final say
- One reschedule, with 24 hours' notice
- Reschedule then cancel: 30 days restricted
- No-show at any experience: permanently restricted
- Poor feedback from you: restricted from future experiences

WHAT CREATORS SEE

YOUR EXPERIENCE, IN THEIR APP.

Saucey's CREATOR CLUB

- Every experience is visible, locked until they qualify
- They book a time inside your rules
- Their mission is on screen: check in, 2 stories, 1 recap
- A pop-up checks them in at the booked time
